

Adam Ginsberg, D.O.

Interventional Treatment of Adult Spine

Welcome to First State Orthopaedics

I am an academy of Physical Medicine and Rehabilitation board certified Physiatrist. I was the chief resident at the State University of New York Physical Medicine and Rehabilitation Downstate program. After residency I completed an interventional pain management fellowship in Santa Barbara California at LAGS Spine and Sports care. I perform a multitude of interventional procedures including epidural steroid injections, nerve rhizotomy, peripheral joint injections and neurostimulation.

I specialize in non surgical pain management using a multidisciplinary approach to patient care. Utilizing both my rehabilitation and interventional training I focus on improving both everyday function and quality of life. I am looking forward to meeting with you.

Sincerely,

Adam M. Ginsberg, D.O.

Adam Ginsberg, D.O.

What to Expect:

Thank you for your patience while completing our forms. Accurate and complete information will assist us in providing you the highest possible level of care. Additionally, we appreciate your understanding and patience to see a physician. In some cases, patients require special attention or your physician may be asked to assess a serious injury. Our goal at First State Orthopaedics is to see you as soon as possible and make sure you receive individualized attention. If you require immediate assistance, please notify our front desk and we will expedite your request.
