### ***A note from Dr. Rasis:***

As a board-certified orthopaedic surgeon, my practice is focused on hip and knee replacement surgery, hand and upper extremity surgery, and general orthopaedics. My objective is simple. I believe that caring for you means caring about you. I like to think that I treat each patient as if they were a part of my family.

I have served as President of the Medical Society of Delaware and Chief of Orthopaedics at Christiana Care. I have served as Medical Director of the Christiana Care “Center for Advanced Joint Replacement.” I also serve on the editorial board at the Delaware Medical Journal and as Speaker of the Council of the Medical Society of Delaware.

Please let me know if there is anything I can do to further improve your experience at First State Orthopaedics.

I am looking forward to meeting with you.
