

Tiffany J. Pan, M.D.

Specializing in Hand & Upper Extremity

Welcome to First State Orthopaedics

As a fellowship trained orthopaedic surgeon, I specialize in caring for disorders of the upper extremity. Our arms and hands are essential in every aspect of our lives from work to leisure to the activities of daily living. As someone who experienced wrist problems for over a decade, I am motivated to help my patients overcome their own struggles and return to full function as soon as possible.

I grew up in Pittsburgh, PA and graduated with a bachelor's degree in neurobiology from Cornell University. Subsequently, I returned to my hometown for medical school, orthopaedic surgery residency, and fellowship in hand and upper extremity surgery at the University of Pittsburgh Medical Center. I am excited to join First State Orthopaedics and am looking forward to serving and becoming part of the community in Delaware!

Sincerely,
Tiffany J. Pan, M.D.

Tiffany J. Pan, M.D.

Education

- Fellowship: Hand and Upper Extremity Surgery, University of Pittsburgh Medical Center
- Residency: Orthopaedic Surgery Residency Program, Clinical Track, University Of Pittsburgh Medical Center
- Medical School: University of Pittsburgh School of Medicine, Pittsburgh, PA

What to Expect:

Thank you for your patience while completing our forms. Accurate and complete information will assist us in providing you the highest possible level of care. Additionally, we appreciate your understanding and patience to see a physician. In some cases, patients require special attention or your physician may be asked to assess a serious injury. Our goal at First State Orthopaedics is to see you as soon as possible and make sure you receive individualized attention. If you require immediate assistance, please notify our front desk and we will expedite your request.
